The Football Whisperer Mel A ROWE,2018-10-23 When a famous footballer meets a girl from the wrong side of the tracks... Before 90,000 screaming spectators, Ward suffers a devastating injury. Desperate to recover, he's forced to front the fabled racetrack's horse-whisperer or face risky surgery. Zara is a Reiki Master who specialises in racehorses—not humans. Even if it means following Zara to her family farm where the games really begin... To win on and off the field Ward will risk everything. But at what cost—the love of his life or the life he loves? From bestselling author, Mel A Rowe, *The Football Whisperer* delivers healthy doses of humour in this heartfelt story of two different people, from two different worlds, who face their fears for love. Colouring Over the White Line Phil Vasili,2000 *Colouring Over the White Line* details the social history of players of colour in British football. It discusses their careers in the context of the world in which they lived: the Black Diaspora as it

relates to football. It records and celebrates the careers of players, some of whom achieved great things while others were little more than journeyman footballers. What unites them is the consistent response of prejudice to the colour of their skin which forced them apart from their colleagues.

Colouring Meaning Gill Philip,2011 Primarily focused on idioms and other figurative phraseology, Colouring Meaning describes how the meanings of established phrases are enhanced, refocused and modified in everyday language use. Unlike many studies of creativity in language, this book-length survey addresses the matter at several levels, from the purely linguistic level of collocation, through its abstractions in colligation and semantic preference, to semantic prosody and connotation. This journey through both linguistic and cognitive levels involves the examination of habitual language and its exploitations, both mundane and colourful, explaining the phenomena observed in terms of current psycholinguistic research as well as corpus linguistics theory and analysis. The relationships between meaning in text and meaning in the mind are discussed at length and extensively illustrated with worked case studies to offer the reader a comprehensive overview of metaphorical and other secondary meanings as they emerge in real-world communicative situations.

Pupil Friendly IEPs ,2003-01-01 A new edition of this book is available The 2001 Code of Practice made it clear that pupils with SEN should be actively involved in discussing, planning and reviewing their Individual Education Plan (IEP) from

an early age. This book is an invaluable tool for doing just that, providing teachers with practical tips and guidance for writing IEPs, and including numerous examples and case histories. The accompanying CD-ROM provides engaging, stimulating and, most importantly, fun IEP templates which allow teachers to truly involve pupils in the planning and reviewing process. These resources can be either printed off as full colour illustrated planning sheets, black and white line drawings to be coloured in, or they can be filled in on-screen.
